The Victory Bank Receives Customized Training from Montgomery County Community College

LIMERICK PENNSYLVANIA -- The Victory Bank has been pleased to receive customized Human Resources Essentials training from Montgomery County Community College (“MCCC”). The MCCC Workforce Development Department helped to design the training and assisted the bank in receiving a Pennsylvania State Grant to defer the cost of this on-site training for 13 employees in management positions.

“Bernadette Debias from the college made this entire process very simple. She helped me through applying for the grant on the WednetPA website. We will definitely be looking to add other courses from the college in the near future. Our participants thought the college facilitator did an excellent job.” said Shelly Stockmal, Victory Community Leader and Training Coordinator, “Our bank has a strong commitment to training our employees and the college is a very valuable resource for us.”

Stockmal added that “The Victory Bank has been in operation for over 11 years with 47 highly valued employees. As we continue to grow, we needed to provide our managers with consistent training in Human Resources to make sure we provide the best possible experiences for each of our employees. The Victory Bank strives to be the employer of choice in our community.”

Headquartered on the West Campus in Pottstown, Workforce Development provides flexible, high quality training programs to individuals, businesses and organizations in the Montgomery County area. Their diverse, non-credit programming can help employees acquire new job skills. They work closely with employers to develop training solutions that benefit both the business and the employee.
